

UniConnect System User Manual

1. Introduction

Welcome to UniConnect, the integrated campus platform designed to connect students and administrative staff. This manual outlines the day-to-day operations of the system's core modules, guaranteeing efficient management of academic, administrative, and peer-to-peer activities.

2. Administrator Operations Guide

This section covers the functions available to users logging in with the Administrator credentials & Administrator role

2.1 Logging into the Administration Dashboard

1. Open the portal URL in your web browser.
2. Enter your designated Admin credentials and click Sign in.
3. You will be directed to the Admin Dashboard.

The image shows the system's administration sign in view used to authenticate the system administrator.

2.2 Managing the Noticeboard

1. Navigate to the Noticeboard tab using the left-hand navigation panel.
2. Fill out the Title, Content, select a Tag (Notice, Event, or Urgent), Date, and Location.
3. Click Post to Noticeboard to publish the notice for students.

The screenshot shows a web form titled "Noticeboard Manager" with a sub-header "Post a Notice". Below the sub-header is a description: "Students see this on their dashboard noticeboard." The form contains several input fields: "TITLE" with the text "2026 Summer Internship Openings"; "CONTENT (optional)" with a text area containing a notice about TechCorp Solutions; "TAG" with three radio buttons, "Notice" being selected; "DATE (optional)" with a date input field showing "mm/dd/yyyy"; and "LOCATION (optional)" with a text input field showing "e.g. Main Hall". At the bottom is a red button labeled "Post to Noticeboard ->".

The image shows the form used by the administrator to publish notices and events, including the title, content, tag, date, and event location inputs.

2.3 Managing Students & Account Activation

1. Select the Student tab under Management using the left-hand navigation panel.
2. Locate a student using the live-search feature.
3. Toggle the active status (Activate/Deactivate) for a user account depending on enrollment status.

The screenshot shows a web interface titled "Student Management" with tabs for "Admin Access", "Student View", and "System". Below the tabs is a section titled "Student Roster" with a search bar and a table of students. The table has columns for #, STUDENT, EMAIL, STUDENT ID, STATUS, JOINED, LAST LOGIN, and ACTION. There are 4 students listed, with 3 active and 1 disabled.

#	STUDENT	EMAIL	STUDENT ID	STATUS	JOINED	LAST LOGIN	ACTION
1	layla Winston	layla@icbt.lk	kdhdsecmu7718	Active	28 Apr 2026	30 Apr, 2:25 pm	Disable
2	Kaleelu Umairah	umairah@gmail.com	KD/HDCSE/CNU/77/30	Active	27 Apr 2026	30 Apr, 3:52 pm	Disable
3	thairinda	thairnda@gmail.com	2005	Active	01 Mar 2026	01 Mar, 6:17 pm	Disable
4	aninai	seses@gmail.com	1234567	Disabled	28 Feb 2026	30 Apr, 2:13 pm	Enable

Showing 4 students

The image shows the system's student management interface where the administrator can view logged-in students, use a live search filter, and activate or deactivate student accounts.

2.4 Managing Events

1. Navigate to the Events tab using the left-hand navigation panel.
2. Fill out the Title, Description, Date, Time, and Location.
3. Click Add Event to publish the event for students.

The screenshot shows a web form titled "Events Manager" with a sub-header "Add Campus Event". Below the sub-header is a note: "Shows on the student dashboard upcoming events list." The form contains several input fields: "EVENT TITLE" with the value "Campus Talent Show 2026"; "DESCRIPTION (optional)" with a text area containing "An exciting event where students showcase their talents including singing, dancing, drama, and instrumental performances in a friendly competitive environment."; "DATE" with the value "05/09/2026" and a calendar icon; "TIME (optional)" with the value "4:00 PM – 10:00 PM"; and "LOCATION (optional)" with the value "Auditorium". At the bottom is a red button labeled "Add Event →".

The image shows the event creation form used by the administrator to publish events, including inputs for event title, description, date, time, and location.

2.5 Creating Student Accounts

1. Navigate to the Add Students tab using the left-hand navigation panel.
2. Fill out the Full name, Email, Student ID, and Password.
3. Click Create Account to register and add the student to the system.

The screenshot shows a web form titled "Add New Student" with a sub-header "Add New Student" and a note: "Creates a login account immediately." The form contains several input fields: "FULL NAME" with the value "Jennie Smith"; "EMAIL ADDRESS" with the value "jennie@gmail.com"; "STUDENT ID" with the value "KD/HDCSE/CMU/77/7"; and "INITIAL PASSWORD" with a masked password "*****". At the bottom is a red button labeled "Create Account →".

The image shows the student account creation form used by the administrator to register new students, including inputs for full name, email, student ID, and password.

2.6 Monitoring the Study Chat Room

1. Select Chatroom under Management using the left-hand navigation panel.
2. Review active chat communications from students in real-time.
3. On hover, a bin icon appears, allowing the administrator to manually delete a chat message.

The image shows the chatroom monitoring interface where the administrator can view real-time student messages and manually delete chats using a bin icon that appears on hover.

2.7 Monitoring Brain Bridge

1. Navigate to the Brain Bridge tab under Services using the left-hand navigation panel.
2. Review peer-to-peer tutoring offers, subject modules, and aggregated session data across the campus network.

The screenshot shows the 'Brain Bridge Overview' interface. It has tabs for 'Admin Access', 'Student View', and 'System'. The main content is divided into two sections: 'Active Tutor Sessions (5)' and 'Pending Tutor Requests (1)'. The 'Active Tutor Sessions' section contains a table with columns: #, TUTOR, MODULE, MODE, DATE / TIME, ATTENDEES, MAX, and FILL. The 'Pending Tutor Requests' section contains a table with columns: #, STUDENT, MODULE, MODE, MESSAGE, and SUBMITTED.

#	TUTOR	MODULE	MODE	DATE / TIME	ATTENDEES	MAX	FILL
1	Kaleelu Umairah KD/HDCSE/CMU/77/30	Database Systems CS301	In-person	30 Apr 2026 2:00 pm - 3:00 pm	0	4	0%
2	Kaleelu Umairah KD/HDCSE/CMU/77/30	Data Structures & Algorithms CS201	Both	08 May 2026 2:00 pm - 3:00 pm	0	10	0%
3	Kaleelu Umairah KD/HDCSE/CMU/77/30	Web Development WEB201	Online	30 Apr 2026 2:00 pm - 4:00 pm	2	10	20%
4	aninai 1234567	Operating Systems CS401	In-person	23 Mar 2026 2:00 pm - 4:00 pm	1	5	20%
5	aninai 1234567	Database Systems CS301	In-person	—	2	10	20%

#	STUDENT	MODULE	MODE	MESSAGE	SUBMITTED
1	aninai 1234567	Computer Networks NET101	Online	the connection	01 Mar 2026

The image shows the Brain Bridge overview displaying tutor offers, modules taught, and aggregated review scores for the peer tutoring program.

2.8 Module Management

1. Navigate to the Module Management tab under Services using the left-hand navigation panel.
2. Review the list of all active modules, including module codes, descriptions, current tutor counts, and pending requests.

All Modules (8)				
CODE	MODULE NAME	DESCRIPTION	TUTORS	REQUESTS
MATH101	Calculus I	Limits, derivatives, and integrals	0	—
NET101	Computer Networks	TCP/IP, protocols, and network architecture	0	1
CS201	Data Structures & Algorithms	Arrays, linked lists, trees, sorting algorithms	1	—
CS301	Database Systems	SQL, normalization, and database design	2	—
CS101	Introduction to Programming	Basics of programming using Python	0	—
MATH201	Linear Algebra	Matrices, vectors, and transformations	0	—
CS401	Operating Systems	Processes, memory management, file systems	1	—
WEB201	Web Development	HTML, CSS, JavaScript, and PHP	1	—

The image shows the Module Management screen, displaying active academic modules along with the number of tutors and pending requests.

2.9 Monitoring Burrow Buddy

1. Navigate to the Burrow Buddy tab under Services using the left-hand navigation panel.
2. Review and manage equipment listings, view current lending statuses, and monitor device exchanges across the campus network.
3. Click to approve or manage the requests as needed.

Borrow Requests (2)						
#	ITEM	BORROWER	LENDER	DATES	STATUS	UPDATE
1	Logitech MX Master 3 Mouse	Kaleelu Umairah K2MHC55CMJ7739	aninai	01 May - 05 May	Pending	<button>Approve</button> <button>Reject</button>
2	kingsman 16GB Pendrive	tharinda 2005	aninai	02 Mar - 03 Mar	Approved	<button>Mark Returned</button>

#	ITEM	CATEGORY	LENDER	CONDITION	MAX DAYS	STATUS	PENDING
1	Asus Charger	Charger	Kaleelu Umairah	Excellent	1	Available	—
2	kingsman 16GB	Pendrive	aninai	Excellent	3	Borrowed	—
3	Logitech MX Master 3 Mouse	Mouse	aninai	Excellent	3	Available	1
4	Mechanical Keyboard TKL	Keyboard	aninai	Good	2	Available	—
5	64GB USB Pen Drive	Pendrive	aninai	Excellent	1	Available	—
6	Dell Laptop Charger 65W	Charger	aninai	Good	2	Available	—
7	Sony WH-1000XM4 Headphones	Headphones	aninai	Excellent	3	Available	—

The image shows the Borrow Buddy overview displaying equipment listings and ongoing equipment requests across the campus.

2.10 Monitoring the Reclaim (Lost & Found)

1. Navigate to the Reclaim tab under Services using the left-hand navigation panel.
2. Review the top metrics showing Unclaimed Items, Pending Claims, Successfully Returned items, and items Awaiting Pickup.
3. Examine active claims and verification questions.

The image shows the Reclaim (Lost & Found) overview, detailing the status of all posted items, verification questions, and recent claims.

3. Student Operations Guide

This section covers the functions available to users logging in with Student credentials & Student role

3.1 Student Registration & Authentication

1. Open the portal URL in your web browser.
2. Enter your designated Student credentials and click Sign in.
3. You will be directed to your Student Dashboard

The image shows the system's Student Sign in view used to authenticate the signing in Student.

3.2 Participating in the Study Chat Room

1. Navigate to the StudyLink tab under Services using the left-hand navigation panel.
2. Type your message in the text field and click Send.

Note: The system is rate-limited to 5 messages per 10 seconds and automatically purges links and files. Messages are auto-deleted after 24 hours.

The image shows the StudyLink chat room where participants exchange messages in real-time.

3.3 Listing an Item via Burrow Buddy

1. Navigate to the Borrow Buddy tab under Services using the left-hand navigation panel.
2. Click the List a New Device button.
3. Enter the item Name, Category, Condition, Number of borrow days, and Description.
4. Click List Device to post it to the community board.

A screenshot of the "Burrow Buddy" "List Your Device" form. The form is titled "List Your Device" with the subtitle "Share what you have and help a fellow student." It includes several input fields and selection options: "DEVICE NAME / TITLE" with the text "Dell Inspiron 15 Laptop"; "CATEGORY" with a grid of buttons for "Laptop", "Keyboard", "Mouse", "Pendrive", "Headphones", "Charger", and "Other", where "Laptop" is selected; "CONDITION" with buttons for "Excellent", "Good", and "Fair", where "Excellent" is selected; "MAX BORROW DURATION (DAYS)" with a text input field containing the number "7"; and "DESCRIPTION (optional)" with a text area containing the text "Intel Core i5, 8GB RAM, 512GB SSD, suitable for programming, assignments, and online classes. Comes with charger. Suitable for student use." At the bottom is a blue button labeled "List Device →".

The image shows the device listing form, including the item category, condition, number of borrow days, and description, prior to final submission.

3.4 Borrowing an Item via Burrow Buddy

1. Navigate to the Borrow Buddy tab under Services using the left-hand navigation panel.
2. Click the Browse Devices button.
3. Click the Request to Borrow button next to the listing to open the request form.
4. Enter the required details, such as the intended duration or specific requirements.
5. Click Submit Request to send your application to the device owner.

Request: Mechanical Keyboard TKL

BORROW PERIOD

FROM 05/02/2026 UNTIL 05/03/2026

Max 2 days allowed.

MESSAGE TO LENDER (optional)

I need the keyboard for typing assignments and practicing coding efficiently. I will take proper care of it by using it on a clean, stable surface, avoiding food or drinks near it, handling it

Send Borrow Request →

The image shows the equipment request form filled out with the intended duration and submission details before sending the request to the device owner.

3.5 Viewing Borrow Requests via Burrow Buddy

1. Navigate to the Borrow Buddy tab under Services using the left-hand navigation panel.
2. Click on the Incoming requests or button to view the request dashboard.
3. Review the list of incoming requests from peers, including applicant details, requested duration, and the current status (e.g., *Pending*, *Approved*, or *Returned*).
4. Click the appropriate action button (such as Approve or Reject or Mark returned) to manage incoming equipment requests.

Incoming Borrow Requests

Mechanical Keyboard TKL
Kaleelu Umarah · 01 May → 13 Apr · "I need the keyboard for typing assignments and practicing co..."
Pending
✓ Approve ✗ Reject

Logitech MX Master 3 Mouse
Kaleelu Umarah · 01 May → 05 May · "emergency"
Pending
✓ Approve ✗ Reject

kingsman 16GB
tharinda · 02 Mar → 03 Mar · "I have a high storage consuming file"
Approved
Mark Returned

The image shows the request management panel displaying device listings and incoming borrow requests from other students.

3.6 Reporting a Lost Item via Reclaim

1. Navigate to the Reclaim tab under Services using the left-hand navigation panel.
2. Click the I Found Something button to open the submission form.
3. Select the relevant category and provide item title, description, the location, date lost, and questions to be answered by the real owner to verify identity.
4. Click Post Found Item to publish the lost item report to the registry.

The screenshot shows the 'Report a Found Item' form. At the top, there's a header 'Reclaim — Lost & Found' and a sub-header 'Report a Found Item'. Below this is a grid of category buttons: Box, Books, Electronics, Clothing, Misc, Documents, Music, Other, and a 'Post' button. The form fields include: 'ITEM TITLE (SHORT DESCRIPTION)' with the value 'Blue Starline Steel Water Bottle'; 'FULL DESCRIPTION' with the value 'Blue starline steel water bottle, 750ml size, with a black screw lid, brand Nison.'; 'WHERE WAS IT FOUND?' with the value 'Cafeteria'; 'DATE FOUND' with the value '04/26/2026'; 'TIME FOUND (approx)' with the value '3:00PM'; and 'WHERE WAS IT FOUND?' with the value 'Hogwarts'. Below these are 'VERIFICATION QUESTIONS' which are expandable. The first question is 'Does the bottle have any scratches or marks? If yes, where exactly?' and the second is 'Where exactly in the cafeteria/dining did you last leave it?'. At the bottom, there's a 'Post Found Item' button.

The image shows the dynamic Reclaim reporting form where students specify the lost item's details with questionnaires to verify owner identity

3.7 Checking My Claims via Reclaim

1. Navigate to the Reclaim under Services using the left-hand navigation panel.
2. Click on the My Claims tab.
3. View the list of claimed items, finder's information and the current status of the claim, along with rating finders.

The screenshot shows the 'My Claims' dashboard. At the top, there's a navigation bar with buttons: 'Browse Found Items', 'I Found Something', 'My Posted Items', and 'My Claims' (which is highlighted). Below the navigation bar, there's a header for a specific claim: 'gold door key' found by 'layla Winston (kdhdcsecmu7718)' on '29 Apr 2026'. The status is 'Confirmed'. The main content area shows a green box with the text 'PICKUP ARRANGED', 'Librarian', '30 Apr 2026, 6:36 am', and 'Item received!'. Below this, there's a yellow box with the text 'You rated this finder: ★★★★★ — Thank you!'.

The image shows the student's claims dashboard, displaying the claimed item, finder's information and the current status of the claim, along with rating finders.

3.8 Checking Posted Items via Reclaim

1. Navigate to the Reclaim tab under Services using the left-hand navigation panel.
2. Click on the My Posted Items tab.
3. Review the list of items you have reported as lost or found, including their current status (e.g., Active, Returned, or Claimed), and set a pickup date and time for claimed items.

The screenshot shows the 'My Posted Items' tab selected in the top navigation bar. Below the navigation bar, there's a section titled 'Claims to Review'. The first claim is for a 'Light Brown bag' claimed by 'layla Winston (kdhdsecmu7718)' on '30 Apr 2026, 1:35 pm'. The status is 'Confirmed'. Below this, there are two verification questions: 'Q1: WHAT IS THE BRAND OF THE BAG?' with the answer 'MIU MIU', and 'Q2: DID IT HAVE ANY KEYCHAINS ATTACHED?' with the answer 'yes'. At the bottom, there's a 'Schedule the Pickup' section with a text input for 'Location on campus (e.g. Library Entrance)', a date/time picker set to 'mm/dd/yyyy --:-- --', and a green button labeled 'Set Pickup Time & Place -->'.

The image shows the list of items posted by the student on the Reclaim registry, displaying the category, date, and status of each post.

3.9 Requesting a Tutor via Brain Bridge

1. Navigate to the Brain Bridge tab under Services using the left-hand navigation panel, locate your preferred tutor, and click Request Tutor to open the form.
2. Fill in the required details (module name, preferred mode, and specific topics) and click Submit Request to send your tutoring request.

The screenshot shows the 'Request a Tutor' form in the Brain Bridge interface. The form has a dark purple header with the title 'Request a Tutor' and a subtext 'Tell us which module you need help with and we'll find you a match.' Below the header, there's a 'SELECT MODULE' section with a text input containing 'CS201 - Data Structures & Algorithms'. The 'PREFERRED MODE' section has three radio buttons: 'In-Person' (selected), 'Online', and 'Either'. The 'MESSAGE (optional)' section has a text area with the text 'Struggling with understanding and implementing different tree traversals (preorder, inorder, postorder) and finding it difficult to reconstruct binary trees from traversal sequences'. At the bottom, there's a red button labeled 'Submit Request -->'.

The image shows the tutor directory and the request submission form, highlighting fields for selecting modules and preferred meeting modes.

3.10 Using Brain Bridge (Peer Tutoring)

1. Navigate to the Brain Bridge tab under Services using the left-hand navigation panel.
2. Filter the tutor list by module or search by keyword.
3. Click Join Session to sign up and save your spot

The image shows the Brain Bridge interface displaying the tutor details, module name, and the 'Join Session' button used to confirm attendance.

3.11 Checking Brain Bridge Activities

1. Navigate to the Brain Bridge tab under Services using the left-hand navigation panel and click on the My Activities or My Sessions tab to view your dashboard.
2. Review your session requests, check their status (e.g., Pending, or Attending), and rate your tutor.

Sessions I'm Attending								
#	TUTOR	MODULE	DATE / TIME	MODE	STATUS	MEETING LINK	ACTION	RATE
1	aninai	Database Systems CS301	—	In-person	Attending	Date not set	Cancel	★ Rate
2	aninai	Operating Systems CS401	23 Mar 2026 2:00 pm - 4:00 pm	In-person	Attending	Link pending...	Cancel	Rated ✓

My Module Requests			
#	MODULE	MODE	STATUS
1	Data Structures & Algorithms CS201	In-person	Pending

The image shows the activity log detailing active tutoring sessions, request status updates, and corresponding schedules.

3.12 Offering to Tutor via Brain Bridge

1. Navigate to the Brain Bridge tab under Services using the left-hand navigation panel and click Offer to Tutor to open the registration form.
2. Select the subject modules you wish to teach, set your availability, and click List Me as a Tutor to list your tutor profile on the Brain Bridge board.

The image shows a web form titled "Offer to Tutor" with the subtitle "Share your expertise and help fellow students succeed." The form is divided into several sections:

- MODULE YOU CAN TEACH:** A text input field containing "WEB201 - Web Development".
- SESSION DATE (optional):** A date picker showing "05/14/2026".
- SESSION TIME (optional):** A time range selector showing "3:00 PM - 5:00 PM".
- YOUR AVAILABILITY:** A dropdown menu showing "Thursday - Saturday".
- MAX STUDENTS:** A text input field containing "20".
- TEACHING MODE:** Three radio buttons: "In-Person" (selected), "Online", and "Both".
- CAMPUS LOCATION (where on campus will the session be held?):** A dropdown menu showing "Study Room". Below it are several location tags: "Library", "Cafeteria", "Block A Hall", "Block B Hall", "IT Lab", "Student Lounge", "Lecture Hall 1", and "Lecture Hall 2".
- ONLINE MEETING LINK (optional — only shown to registered students once a date is set):** A text input field containing "https://zoom.us/j/your-meeting-id or Google Meet / Teams link". Below it is a note: "This link is hidden from students until they register and a session date is scheduled."
- SHORT NOTE (optional):** A text area with the placeholder "Describe your teaching style or experience...".
- Bottom Button:** A large red button labeled "List Me as a Tutor →".

The image shows the tutor registration form, where students enter their academic expertise, modules, and availability.

3.13 Updating Password via My Profile

1. Navigate to the My Profile tab under Account using the left-hand navigation panel.
2. Click the Edit Password or Reset Password link, enter your new details, and save the changes.

(Note: The password update option will no longer be visible once changed for the first time).

The image shows the password update screen where the student sets a new password to replace the temporary one provided during account creation.

4.1 Conclusion

This platform is designed to centralize and enhance the campus experience by providing intuitive tools for resource sharing, lost-and-found tracking, peer tutoring, and real-time communication. By utilizing Borrow Buddy, Reclaim, Brain Bridge, and the built-in chat features, students can easily collaborate, stay connected, support each other, and manage their academic and daily administrative tasks within a single, unified digital space.

4.2 Support and Assistance

If you encounter any technical difficulties, have questions about user permissions, or require assistance beyond the scope of this manual, please reach out to the platform's IT Services or the system administration team:

- **IT Support Desk:** Room 102, Student Services Building
- **Email Support:** support@icbt.edu
- **Hours of Operation:** Monday to Friday, 9:00 AM – 5:00 PM
